LIMESTONE LODGE MEMORY CARE

EMBRACING THE JOURNEY...

A PERSON-CENTERED MEMORY CARE PROGRAM

WEAVING PERSONAL CARE INTO YOUR PARENT'S LIFE STORY

KEEP IT SIMPLE!

Experts strongly recommend the “Keep it Simple” approach to dementia care.

The simplicity of our building ensures that residents learn their way around quickly. The longest distance a resident travels from a bedroom to the common area is 36 steps! This minimizes agitation, confusion, sun downing and other distressing symptoms of dementia. The simple layout also ensures that leadership is not removed from the day-to-day operations and is directly involved in every aspect of the daily routines.

HONORING THEIR LIFE STORY

At Limestone Lodge Memory Care, Mom and Dad's life story is the starting place for personalized care. Our story-centered approach allows us to embrace your loved one's abilities, preferences, and rich past. Acknowledging a person's personal history is what allows older adults to maintain their respect, dignity and often, their connection to the world around them and the people they love!

AREAS BEST CHOICE FOR DEMENTIA CARE

New is not always better...Limestone Lodge Memory Care is recognized as the areas best choice for dementia care and we have been providing memory care since 2004. That's 16 years of dedication and experienced care!

COMPANIONSHIP Because Limestone Lodge is small and has a close-knit family environment, your loved one will only have 15 neighbors. This ensures just the right amount of companionship without too much stimulation and confusion.

SUCCESS IS IN THE JOURNEY

Nothing is more important than to approach any activity as a chance to engage and involve your loved one with dementia and hopefully add to their life. It matters not the end result – what he or she paints or how it looks. What matters is “doing it.”

We have scheduled activities planned around five needs:

Social 

Emotional 

Intellectual 

Physical 

Spiritual 

MEANINGFUL MOMENTS

THERE IS POWERFUL MEANING IN SMALL MOMENTS.

Like other memory care programs, Limestone Lodge Memory Care has planned activities. However, we also recognize the power of small, “meaningful moments” of daily life. Our community is set up to encourage these spontaneous moments in normal daily tasks that so many of our residents spent their lives performing.
