“Very friendly and helpful staff. Always something going on and I love how they keep family informed on activities.”

– Carolyn Turner, Family Member

“When it became apparent that mom could no longer live alone and needed assisted living, I was stressed and worried about finding a place that felt like a home and not a nursing home. My first visit to Limestone Manor allayed my fears! Although not ‘fancy’ the facility is very clean and homey, and the staff and administrator are so loving and caring. The dining room is the old Bonanza restaurant building so mom enjoyed telling everyone that she ate in a steakhouse every day. Being a retired nurse, having a nurse, Delois Bailey, as the administrator gave my mom extra confidence. I’m quick to recommend Limestone Manor to anyone who is searching for an assisted living!”
