*“My mother-in-law was a resident at the  
Gardens of Wetumpka. They have exercises every  
morning, they have someone come in every week  
to sing songs for them, and they have a movie day  
every Friday with popcorn. My mother-in-law  
had a birthday, they gave her a tiara and  
made her the birthday queen for the day.  
My mother-in-law is in a private room.  
She said the food is spectacular.  
She put on a little weight. They're excellent.  
I would recommend anyone consider them.
