## PEACE OF MIND!

Our retirement community offers seniors a comfortable home along with compassionate caregivers ready to lend a helping hand when needed. Amenities include a private apartment, weekly housekeeping services, and daily home-cooked meals served “family style” in the dining room. Also included is a 24-hour monitored emergency call system to provide you and your family peace of mind.

**JOIN THE FUN!** We have an active social calendar of leisure activities... residents enjoy music, arts and crafts, fitness and exercises, board games and cards, cooking classes, movies, parties and fun excursions!

**SOCIALIZATION** One of the reasons seniors thrive at the Gardens of Pelham Assisted Living is the close-knit family environment. With our support, residents feel safe and at home.

## BEAUTY SALON

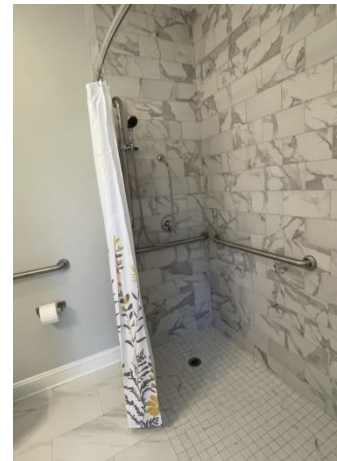

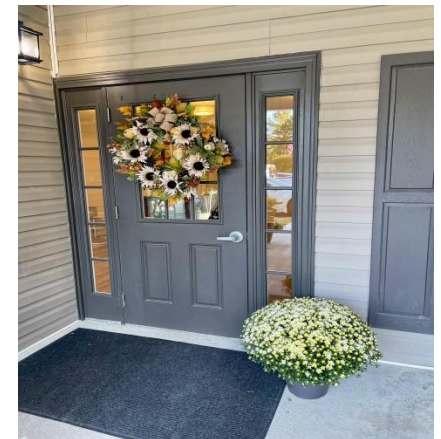

Our on-site beauty salon offers professional hair cuts and styles so that our residents might look their best without ever needing to get in your car!
